Roadway Walkway Parking Other

Reason for Interruption: Construction of New Building Heathcock Hall
Installation of Perimeter fencing and barricades.
Re-routing pedestrian and vehicular traffic modifications for campus safety around active construction site.

Location: (provide full description of affected buildings and areas)
Main Construction Site: South East Corner of Gayley and University Drive (aka East Gate), Laydown Areas: West of Evans, West of Substation 6.
Lanes adjacent to construction site activities: Eastbound lane of University Drive between Pimentel Hall and Gayley, Southbound lane of Gayley Road between intersection and extending along Lewis Hall, Driveway to Stern Grove
See Site Plans for Fenced Areas for Construction Sites and Laydown Areas.

Additional Details: Installation of Perimeter fencing and barricades will cause brief interruptions at isolated locations, and can be paused to allow for the passage of large vehicular traffic if necessary.
