Date Issued: June 14th, 2024

To: UC Berkeley Campus Community Affected by Access Interruption

TO RESPOND OR COMMENT ON THIS TEMPORARY ACCESS INTERRUPTION, PLEASE CONTACT THE PROJECT MANAGER IDENTIFIED BELOW.

Date of Interruption: Monday June 24th, 2024- January 2027

Type of Interruption: 24 hours

Type of Access Disrupted (See attached map)
- Partial Interruption
- Complete Interruption
- Digging: Yes

Reason for Interruption:
Installation of Perimeter fencing and barricades for campus safety around active construction site.

Location:
Main Construction Site: South East Corner of Gayley and University Drive (aka East Gate), Laydown Areas: West of Evans, West of Substation 6.

Additional Details:
Installation of Perimeter fencing and barricades will cause brief interruptions at isolated locations, and can be paused to allow for the passage of large vehicular traffic if necessary.
