

Academic Timeline for 2020-21

DEGREE HIGHLIGHTS

- Earn a **Master of Science in Chemical Engineering** degree from a top-ranked department in only 1 academic year
- Thrive in a close-knit community; Each cohort has a limit of **50 students**
- Guide your coursework** by choosing an industry specialization or create a hybrid:
 - Advanced Materials
 - Alternative Energy
 - Biotechnology
 - Consumer Products
 - Manufactured Products
 - Microelectronics
 - New Ventures
- Focus on **real world practices**
- Tailored for **chemical engineers and scientists**

PRODUCT DEVELOPMENT PROGRAM

Graduates of our **professional 9-month Master's program in Chemical Engineering** almost exclusively choose to enter industry to embark on a professional or managerial career related to **bringing new products and technologies into commercial reality**.

ABOUT THE PDP

By combining elements of **advanced technical knowledge with focused business related training**, the PDP strives to fill a specific niche in the "choice space" of graduate education options for engineers.

Technical content of program

GET INDUSTRY EXPOSURE

Instead of a thesis, work in small teams to **solve a product development challenge for a real company** during the Spring semester.

Our past field project clients include:

HOW TO APPLY

Visit <http://grad.berkeley.edu/admissions/> and select the "Chemical and Biomolecular Engineering Prof MS" program before **Friday, January 8, 2021**.

We require:

- Personal Statement & Statement of Purpose (*not to exceed 650 words each*)
- 3 Letters of Recommendation
- Resume or CV (1 page)
- Unofficial Transcript
- Proof of English Language Proficiency (*if applicable*)
- Application Fee (*waivers are available for those who can demonstrate financial need*)

GRE scores are no longer required

"The flexible curriculum, experiencing the real world in a safe environment where it is OK to fail, and access to world-class faculty were my main attractions to the PDP in Berkeley. The short duration of the program constantly keeps you on your toes but provides you a well-rounded experience and the skill set you develop is easily transferable across industries."

- Vivek Narayanan '10, Director at PwC

BOOST YOUR CAREER

Within **6 months** of graduation, **90%** of our students secure jobs that have a blend of both technical and management roles.

Our alumni can be found **all over the world** in many different industries:

FINAID IS AVAILABLE

The UC Regents have not yet finalized the 2021-22 academic year charges but the **estimated** costs* are:

California Residents: \$52,966

Nonresidents: \$65,211

*does not include living expenses

Merit-based stipends are available for **all** of our students.

A limited number of **full scholarships** are available for US citizens.
