

**COMPLETION NOTIFICATION  
AMERICAN CHEMICAL SOCIETY (ACS) CERTIFICATION**

The chemistry programs at Berkeley are approved by the American Chemical Society (ACS). **In addition to major requirements** students are required to complete the following courses for ACS certification:

**B.A. Degree in Chemistry**

Chemistry 105; Chemistry 108; Chemistry 125; and a biochemistry course (such as Chemistry 135)

**B.S. Degree in Chemistry**

Chemistry 105; Chemistry 108; and a biochemistry course (such as Chemistry 135)

**B.S. Degree in Chemical Biology**

Chemistry 105; Chemistry 108; Chemistry 125

*Note:* Individuals with degrees that are not certified can join as associate members and can apply for full membership after three years of professional experience, such as graduate work.
