

PROCEDURES FOR REQUESTING CHANGE OF COLLEGE TO CHEMISTRY

Students from other colleges/schools at UC Berkeley (L&S, Engineering, Natural Resources, etc.) who enter as first-years may apply for on-campus transfer to the College of Chemistry after completing two full semesters at Berkeley. Students who enter as junior transfers are generally ineligible to change into the College of Chemistry, though some exceptions may apply.

Name:

Email:

SID #:

Proposed Major:

Chemical Engineering

Chemistry

Chemical Biology

Other (Specify):

Procedures

1) Meet with the CoC Change-of-College Adviser, Korshid Tarin (ktarin@berkeley.edu)

Date of meeting _____

2) Complete and attach the [Petition for Change of College](#)

3) Did you previously submit a Petition for Change of College to Chemistry? Yes No

If so, for which major? _____

4) Do you have AP, IB, or other exam credit in English, Chemistry, Math, or Physics?

If yes, list exams and scores: _____

5) Do you have any transfer credit from another college/university? Yes No

6) Are you requesting a course substitution (such as substitution of Chemistry 1A/L for 4A)? Yes No

If yes, fill out the [Request for Course Substitution form](#).

7) List courses you are taking this term and will be taking next term:

Semester/Year: _____

Semester/Year: _____

Submit completed forms to Korshid Tarin, College of Chemistry Undergraduate Advising Center, 121 Gilman Hall or at ktarin@berkeley.edu. The results of your petition will be available within 2 weeks after submission.
